

Dear ,

The student portal through Student Health Services is now enabled to receive COVID-19 vaccination documentation. To move forward in the housing process, you must submit documentation of your first dose (at minimum) of an accepted vaccination by June 15. To upload your vaccine documentation please utilize the resources at the [Student Health Services Immunization site](#).

Please note that you must complete all vaccination requirements listed [here](#) before move-in in mid-August; however, the COVID-19 vaccination is required to move you forward in the housing selection process.

Attached are instructions on how to upload your documents to the patient portal.

For general questions related to vaccinations, contact Student Health Services at shs-vaccine@csulb.edu

All other questions pertaining to housing policy and requirements, please contact housing@csulb.edu.

Thank you,
